Stage Conventions:

ACSA "default" starting position is "at the ready", unless stated otherwise. At the ready has the shooter standing any way they desire, not touching ammo or guns

SASS default: There will be no stages where you must start at a SASS default. (Unless specifically stated) The shooter may stand in any way they desire as long as their hands are where indicated if stated. Example: hands on hat, hands at low surrender, hands touching prop etc

Where instructed to shoot from a specific position, it means the guns must be shot from that position. The position of the shooter is irrelevant.
Ie: no foot faults

When a stage notes "repeat". It means repeat the instructions

Comstock Rules: All S/G targets MAY be re-engaged "Comstock Rules." S/G targets may be re-engaged at the end of the shotgun string or at the moment they've been missed, unless the stage description says otherwise.
