Join us Sep 14th for our annual Margaritaville match. You all know the deal by now. Wear anything you want. Well pretty much! Flip flops & sandals, however appealing and theme appropriate, don't really meet any shooting safety standards. So we will require some "real" footwear, however, the rest is up to your fashion sense or lack there of.

Stage Conventions:

ACSA "default" starting position is "at the ready", unless stated otherwise. At the ready has the shooter standing any way they desire, not touching ammo or guns

SASS default: There will be no stages where you must start at a SASS default. (Unless specifically stated) The shooter may stand in any way they desire as long as their hands are where indicated if stated. Example: hands on hat, hands at low surrender, hands touching prop etc

Where instructed to shoot from a specific position, it means the guns must be shot from that position. The position of the shooter is irrelevant.
Ie: no foot faults

When a stage notes "repeat". It means repeat the instructions

Comstock Rules: All S/G targets MAY be re-engaged "Comstock Rules." S/G targets may be re-engaged at the end of the shotgun string or at the moment they've been missed, unless the stage description says otherwise.
